External Linking

This upgrade makes it possible to link with the “SmartMeeting” App.

Use the link function after installing the “SmartMeeting” App.

Install SmartMeeting from here → <https://itunes.apple.com/jp/app/smart-meeting-patto-hui-yi/id584727540>

Sending a Document to SmartMeeting

Tap to select the document to send to SmartMeeting.

* Selecting multiple documents is available.

Tap the “Link” button.

Tap “Send to SmartMeeting”.

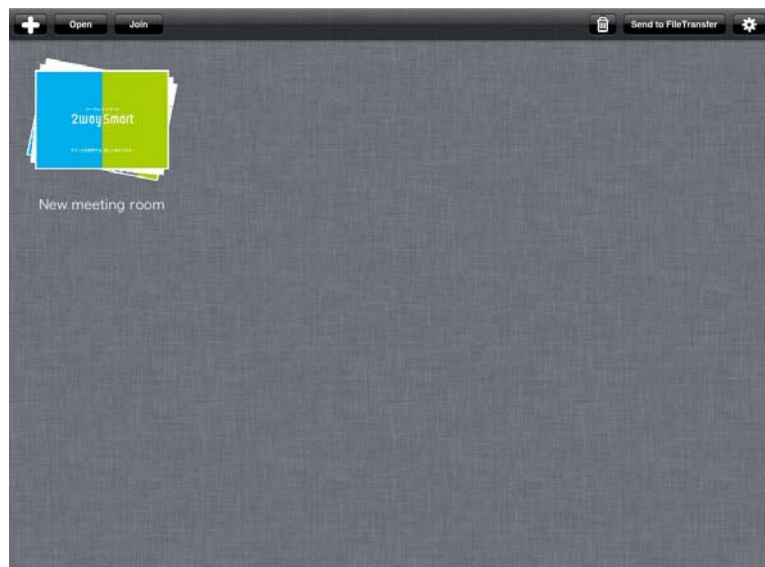

The SmartMeeting app starts.

The document is imported into SmartMeeting.

The imported document becomes a new meeting room.

You can change the document order with the SmartMeeting function.

* For the other detailed operations of SmartMeeting, see the following user guide.
